PLEASE BRING YOUR IDEAS

Your IDEAS are needed.

In late March the Program and Facility Development Committee submitted a PRCL Board approved Business Case – Part 1 Strategy to the City of Edmonton.

This business case proposes the construction of a Community Building on the old school lands adjacent to the Playpark at 113 Avenue and Tower Rd.

The Strategy Document has been approved by the City of Edmonton and we have been green lighted to move into Concept Phase.

What does a Community Centre look and feel like to you? We value your suggestions and feedback.
